Mesh Grease Filters - Baffle Grease Filters - Disposable Pads  
Cleaning Crystals - Cleaning Tank - Duct Cleaning

# Standard Grease Filters

FROM  
**£24.20**  
 EACH + VAT

Mostly used in takeaways and restaurants, our standard duty mesh grease filters will trap airborne grease better than any other. Made with quality galvanised steel or stainless steel mesh, complete with handles, these filters are the industry standard. Washable to ensure long lasting filtration they will reduce duct cleaning costs by keeping ducts cleaner. If you use high volumes of oil or fat try our extra duty filter!

Height (mm)	Width (mm)	Depth (mm)	Galvanised		Stainless Steel	
			Code	Price excl. VAT	Code	Price excl. VAT
241	495	47	ST1	£24.20	SS1	£58.30
394	495	47	ST2	£26.40	SS2	£73.70

# Extra Duty Grease Filters

FROM  
**£37.40**  
 EACH + VAT

  
**DELIVERY ACROSS  
 MAINLAND UK**

Our extra duty mesh grease filter has been designed especially for the professional kitchen with long cooking hours and high fat/oil volumes. With a thick filter core and heavy duty grilles your filter will last longer, which when cleaned regularly, can last twice as long as standard.

Make your filters last, try our cleaning crystals!

# Baffle Grease Filters

FROM  
**£46.20**  
 EACH + VAT

Stainless Baffle Filters are an alternative to the mesh grease filters. Easy to clean and extremely long lasting. Baffle Filters offer a more attractive look for restaurants with kitchens on display and also work as a flame barrier and therefore sometimes necessary for insurance purposes.

Height (mm)	Width (mm)	Depth (mm)	Stainless Steel	
			Code	Price excl. VAT
241	495	45	BS1	£46.20
394	394	45	BS2	£48.40
394	495	45	BS3	£50.60
445	445	45	BS4	£56.10
495	495	45	BS5	£66.00

**Available Depths:** 38mm, 45mm

## NON STANDARD SIZES

We can make any size grease filter up to a maximum of 600mm (H) x 600mm (W). Baffle filters are available in 38mm and 45mm depths.

Height (mm)	Width (mm)	Depth (mm)	Stainless Steel	
			Code	Price + Vat
Any	Any	Any	BS6	£69.00

**CALL: 01277 634637 or EMAIL: [info@thefilterbusiness.com](mailto:info@thefilterbusiness.com)**

# Grease Filter Cleaning

## Grease Filter Cleaning Tank

ONLY

**£137.50**

EACH + VAT

The Grease Filter Cleaning Tank is designed to tuck underneath a work surface. Simply leave your filters in a grease cleaning solution overnight to keep them in good condition. One tank of grease clean solution will last up to six weeks achieving many filter washes. The tank is also excellent for degreasing baking trays and similar utensils. Manufactured in stainless steel.

Heated tank options available - Call Sales: 01277 634637

Product Code	Height (mm)	Width (mm)	Depth (mm)	Price excl. VAT
TK1	640	625	250	£137.50

## Cleaning Crystals 10kg

ONLY

**£38.50**

EACH + VAT

When mixed with hot or cold water, Grease Filter Cleaning Crystals form an alkaline solution which is non-caustic and non toxic. This chemical is used extensively by food manufacturers because of its safety and ability to cut through grease. 10kg will make up over 100 gallons (450 litres) of cleaning solution.

## Blue-Clean 5 Litre

ONLY

**£19.79**

EACH + VAT

Blue-Clean is built for the tough jobs like removing the caked on grease and smoke dust in ducts or heavily soiled grills and stainless work tops, and won't leave white marks! That is why Blue-Clean is used by duct cleaners all over the UK.

## Blue Roll 6 Pack

ONLY

**£16.50**

EACH + VAT

2 Ply Blue Embossed Centrefeed Rolls, 150 Metre X 190mm. 6 Rolls Per Pack

# Pad Frame Grease Filters

FROM

**£18.70**

EACH + VAT

**DELIVERY ACROSS  
MAINLAND UK**

Our pad frame grease filters are great for kitchens with long opening hours or those with little time to clean their filters. A cheap and easily replaceable synthetic media which traps grease and then can be thrown away. Very hygienic and economical, these have had great success in increasing kitchen hygiene. Ideally changed monthly.

Product Code	Height (mm)	Width (mm)	Depth (mm)	Price excl. VAT
PF1	241	495	47	£18.70
PF2	394	495	47	£22.00

# Carbon Discarb and Panels

Discarbs from

**£134.20**

EACH + VAT

**DELIVERY ACROSS  
MAINLAND UK**

Panels from

**£36.30**

EACH + VAT

Activated Carbon Filters are used in Kitchen Extracts to remove odours from the air before discharging to atmosphere. Metal cased carbon discarbs hold multiple bonded panels in a “block” which can then be easily installed into the duct. Carbon panels are also available in standard and non standard sizes for suitable installations.

## Carbon Discarbs

Product Code	Height (mm)	Width (mm)	Depth (mm)	Price excl. VAT Standard Duty
CD1	597	146	597	£134.20

CP3	600	600	22	£38.50

**FREE DELIVERY WITH ORDERS OVER £150 EXCLUDING VAT**  
CALL: 01277 634637 or EMAIL: [info@thefilterbusiness.com](mailto:info@thefilterbusiness.com)

# Pleated Panel & Bag Filters

## Pleated Panel Filters

FROM

**£5.25**

EACH + VAT

Pleated Panel Filters are used to clean the supply and extract air from restaurants. Made from moisture resistant cardboard and filter media with a steel backing our filters are long lasting and very strong! Pleated Panel Filters can be used to clean air before it comes into the kitchen, or to protect your fan, or Activated Carbon Filters.

Product Code	Height (mm)	Width (mm)	Depth (mm)	Price excl. VAT
PPF1	495	495	47	£6.15
PPF2	594	289	47	£5.25
PPF3	594	495	47	£6.93
PPF4	594	594	47	£7.07
NON STANDARD SIZES MAX WIDTHS				
PPF5	Any	Any	Any	£16.17

**Available Depths:** 22mm, 47mm and 97mm

**Max Face Size:** 600mm x 900mm

## M5 Bag Filters

FROM

**£23.10**

EACH + VAT

M5 is for medium efficiency filtration in heating, ventilation and air conditioning systems, where a greater dust holding capacity is required than a panel filter can offer, whilst providing low resistance.

The M5 bag filter is also ideal as a pre-filter to higher efficiency bag filter systems.

Product Code	Height (mm)	Width (mm)	Bag Depth (mm)	Price excl. VAT
M5B1	592	287	300	£23.10
M5B2	592	490	300	£28.88
M5B3	592	592	300	£32.34
NON STANDARD SIZES MAX WIDTHS				
M5B4	Any	Any	Any	£43.89

**Max Face Size:** 592mm x 592mm

**FREE DELIVERY WITH ORDERS OVER £150 EXCLUDING VAT**

**CALL: 01277 634637 or EMAIL: [info@thefilterbusiness.com](mailto:info@thefilterbusiness.com)**

# Bag Filters

## Carbon Bag Filters

FROM

**£50.60**

EACH + VAT

Carbon Bag Filters are made from a filter media impregnated with activated carbon. This special media is sewn into pockets and mounted onto a metal frame. Carbon Bag Filters fit into duct work in Kitchen Extract Systems to capture grease and odours/smells given off by cooking. Carbon Bag Filters should be changed regularly to make sure you have good clean and safe ventilation in the kitchen.

Product Code	Height (mm)	Width (mm)	Depth (mm)	Price excl. VAT
CBF3	594	594	300	£50.60
CBF4	594	594	500	£72.60
CBF5	594	594	600	£81.40
NON STANDARD SIZES MAX WIDTHS				
CBF6	Any	Any	Any	£99.00

**Header size:** 20mm

**Max Face Size:** maximum of 594mm x 594mm

## F7 Rigid Bag Filters

FROM

**£64.90**

EACH + VAT

Rigid Bag Filters are a high efficiency compact filter with a high media surface resulting in low resistance and high dust holding capacity. The core of the filter is a pleated filter media with thermoplastic separators to form a pack that is sealed in a plastic frame in a V formation. Rigid Bags come in three standard sizes with 20 or 25mm headers.

Product Code	Height (mm)	Width (mm)	Bag Depth (mm)	Price excl. VAT
F7RB1	592	287	292	£64.90
F7RB2	592	490	292	£85.80
F7RB3	592	592	292	£99.00

F6, F7, F8, F9 and Activated Carbon Rigid Bags Available

**CALL: 01277 634637 or EMAIL: [info@thefilterbusiness.com](mailto:info@thefilterbusiness.com)**

# Ancillary Products

## Fans

Call for Availability and Prices: 01277 634 637

We can supply fans and speed controllers for a variety of applications including ventilation supply and also kitchen extract. Our typical range includes acoustic centrifugal fans, plate mounted axial fans, inline fans and cased axial fans. Please contact to discuss your requirements.

## Drive Belts

Call for Availability and Prices: 01277 634 637

A drive belt change is often considered part of routine maintenance along with a filter change. Our range includes the usual SPA / SPZ / SPB and SPX Wedge belts, but we are able to source many rare belts that may be required, and deliver with your filter order.

## Access Doors

Call for Availability and Prices: 01277 634 637

Various styles of access doors are available to allow for duct cleaning and routine hygiene maintenance and are suitable for square or rectangular ducting.

Oval Access Panels are manufactured from galvanised pressed steel, these spiral duct access doors are available in various door sizes to suit diameters from 100mm to 900mm.

Square / Rectangular are available up to 500 x 500mm and are also available in a Fire Rating to meet HVCA DW144 specification regarding air leakage criteria.

**FREE DELIVERY WITH ORDERS OVER £150 EXCLUDING VAT**

# How to Order

## Measurements Required

## Grease/Panels & Bag Filters

Measure your old filters accurately in millimetres. When you have the correct dimensions check to see if your filter is a standard size. Then choose which type of filter you wish to order ie. standard, extra duty or baffle. Now call or email us, giving the order code, the size (Height x Width x Depth) together with the quantity and price.

**Free Delivery** *with orders over £150  
excluding VAT*

**We do not operate a cash on delivery service.  
All prices exclude VAT. VAT must be added.**
